Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2021-2022 Annual Action Plan for the City of Jurupa Valley ("City") satisfies federal requirements to receive Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD).

The primary objective of the CDBG program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for low- and moderate-income individuals.

Each activity to be undertaken with CDBG funds must meet one of the three national objectives:

- Benefit low- and moderate-income persons,
- Aid in the prevention or elimination of slums and blight, or
- Meet a community need having a particular urgency.

In order to receive CDBG funds, the City must prepare a Consolidated Plan. The Consolidated Plan is a multi-year strategic plan that identifies priority housing and community needs. It also identifies the activities the City will implement over a five-year period to address needs. The Action Plan, a component of the Consolidated Plan, is the City's annual expenditure plan for the use of CDBG funds to address the needs identified in the Consolidated Plan.

HUD posted CDBG funding allocations for 2021, and the City will receive \$1,157,789, which is \$36,943 less (-3.1%) than the City's 2020 grant. In addition, \$188,228 in prior year uncommitted CDBG funds are available for programming, resulting in a total of \$1,346,017 available for the 2021-2022 fiscal year.

The 2021-2022 Action Plan details the specific activities the City will undertake with CDBG funds to address housing and community needs identified in the Consolidated Plan. Planned activities include housing rehabilitation, public infrastructure improvements, public social services grants, and program administration (including fair housing services).

2. Summarize the objectives and outcomes identified in the Plan

The City's overall objective for the CDBG program, as specified in the Consolidated Plan section, mirrors HUD's overall objective for the program: to create a viable community by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate-income. To accomplish these objectives, the following Consolidated Plan goals have been identified based on the input of residents and other community stakeholders:

- Conserve the existing supply of affordable housing by supporting federal rental assistance vouchers and certificates administered by the Housing Authority of Riverside County.
- Assist with the preservation of the City's owner-occupied single-family housing stock.
- Support housing and services for the homeless and those at risk of becoming homeless.
- Support community social services benefitting low- and moderate- income persons and those with special needs.
- Provide needed public infrastructure and facility improvements benefitting low- and moderate-income persons and those with special needs.
- Ensure quality, professional administration of federal funds, including the provision of fair housing services to address discriminatory actions that impede access to housing.

3. Evaluation of past performance

FY 2019-20 was the second year of the City's 2018-2022 Consolidated Plan cycle and as a CDBG-entitlement community. Evaluation of past performance is shown in **Attachment 1**. Most activities funded in the 2020-2021 Annual Action Plan will be completed by June 30, 2021.

4. Summary of Citizen Participation Process and consultation process

The participation of residents and community stakeholders in prioritizing the use of CDBG funds is an important component of the Consolidated Plan (and Action Plan) planning process. For the 2021-2022 Action Plan, the City obtained public input in a variety of ways:

- The City established the Community Development Advisory Committee (CDAC), a five-member committee of City residents charged with evaluating and recommending public service grants for the City Council's consideration. On January 19, 2021, an informal meeting ("CDBG 101") was held by program staff to advise committee members, potential public service grant applicants, and interested members of the City of the upcoming grant application process.
- On January 13, 2021, a funding availability notice was published in the local newspaper.
- On January 13, 2021, public service grant ("PSG") applications were made available. PSG applications were due on February 15, 2021.
- On March 1, 2021, CDAC held its first meeting at which grant applicants presented their request for public service grant funding, and the CDAC accepted other public input regarding CDBG public service grant funding.
- March 8, 2021, CDAC held its second meeting at which additional public input regarding CDBG public service grant funding was provided, and the Committee developed funding recommendations for the City Council's consideration.
- On April 5, 2021, notices in English and Spanish were published in the *Press Enterprise* announcing the required 30-day public comment period for the draft 2021-2022 Annual Action Plan. The notice also announced the 2021-2022 Annual Action Plan public hearing to be held by the City Council on **May 6, 2021**.

- A public hearing was held on **May 6, 2021** for the City Council to accept additional public input regarding the draft 2021-2022 Annual Action Plan and to authorize submission of the plan to HUD.

5. Summary of public comments

Public comments received during the public review period or public hearing included the following:

There were **(to be determined)** comments received on-line or in person during the **May 6, 2021** Public Hearing. Also, the City Clerk received **(to be determined)** comments during the past 30 days. There were **(to be determined)** people that provided comments in person at City Hall. **(There were or were not -to be determined)** phone calls, emails or letters received by City staff about Annual Action Plan.

A summary of comments is provided in section AP-12 and **Attachment 2**.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments and views were accepted – none were rejected **(confirm this statement after process)**.

7. Summary

The 2021-2022 Annual Action Plan is the fourth year of the 2018-2022 Consolidated Plan cycle. The Annual Action Plan is the City's one-year expenditure plan for CDBG funds. HUD announced the City will receive \$1,157,789 in CDBG funds for FY 2021-2022. In addition, \$188,228 in prior year CDBG funds will be available, resulting in a total of \$1,346,017 for FY 2021-22.

The Action Plan details the activities the City will undertake with CDBG funds to support the broader goals and objectives of the Consolidated Plan. Activities planned for funding include housing rehabilitation, public infrastructure improvements, public social services, and program administration, including fair housing services.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Jurupa Valley has taken several steps to obtain the input of community residents and stakeholders to develop the 2021-2022 Annual Action Plan. Consultation efforts include community meetings, and public notices and hearings. The City also consulted with state and regional agencies and local service providers. Additionally, the City utilized its internet webpage, social media, and the local community newspaper to notify residents of the opportunity to review and comment on the draft 2021-2022 Annual Action Plan. Actions taken by the City are consistent with the City's Citizen Participation Plan which is incorporated into the Consolidated Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Jurupa Valley's recently updated Housing Element emphasizes incentives rather than regulations "as a means to facilitate the production of housing for all income levels." Implementation of incentive programs will require significant coordination with housing developers and housing providers. Among assisted housing providers, Jurupa Valley partners with the Housing Authority of the County of Riverside (HACR), which assists renter households with HUD-funded housing assistance vouchers and certificates.

With respect to service agencies, the City actively reached out to local homeless service providers to explore partnership and funding opportunities. Through the annual CDBG Public Service Grants funding process, City staff can ascertain the services City residents need and develop partnerships with local agencies to coordinate the delivery of needed services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

In 2020 – as a “Participating City” in the Urban County CDBG program, Jurupa Valley contributed to the Riverside County Continuum of Care (RC-CoC) planning process through the County of Riverside. Though, in 2021, Riverside County did not conduct its annual point-in-time count, and will use the 2020 figures this year for planning purposes. As a direct CDBG grantee, the City will participate in the following year’s RC-CoC by contributing to the regional CoC planning process – assuming Riverside County conducts the point-in-time-count in 2022. Additionally, the City will continue to build or strengthen relationships with local CoC service providers in order to address the needs of the City's homeless. As needed, City staff will expedite certifications of consistency with the Consolidated Plan and other forms of support for the RC-CoC.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate

outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City is not a recipient of Emergency Solutions Grant (ESG) funds; therefore, it does not assist the RC-CoC with the determination of ESG allocations or evaluating outcomes, and developing policies and procedures for the administration of the regional Homeless Management Information System (HMIS). In order to address local homeless issues, the City did solicit proposals from regional service providers and considered how these programs and services address local and regional homeless needs.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities (see Table 2)

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The City implemented its Citizen Participation Plan to obtain a broad range of resident input during the preparation of the 2021-2022 Annual Action Plan.

Community Meetings: The City Council has established the Community Development Advisory Committee (CDAC), a five-member committee of City residents charged with evaluating and recommending public service grants for the Council's consideration. On January 13, 2021, an informal meeting was held by the City to provide basic CDBG information and advise committee members, public service grant applicants, and the community of the upcoming grant application process. On March 1, 2021, CDAC held its first meeting at which grant applicants presented their request for public service grant funding, and the Committee accepted additional public input regarding CDBG public service grant funding. Finally, on March 8, 2020, the CDAC meet for a second time to hear additional public input regarding CDBG public service grant funding. During this meeting, the Committee developed funding recommendations for the City Council's consideration.

Notices/Website: On April 5, 2021, notices in English and Spanish were published in the *Press Enterprise* announcing the required 30-day public comment period for the draft 2021-2022 Annual Action Plan. The notices also announced the 2021-2022 Annual Action Plan public hearing to be held by the City Council on **May 6, 2021**. See **Attachment 2**, for a copy of the notices and a summary of public comments.

Public Hearings: The City Council held a public hearing at a regularly noticed and scheduled meeting (**May 6, 2021**) to obtain public input regarding the draft Annual Action Plan and the proposed use of 2021-2022 CDBG funds. The City Council also authorized City staff to submit the Action Plan to HUD.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

HUD has published 2021 CDBG allocations, and the City will receive \$1,157,789 in CDBG funds for FY 2021-2022. In addition, \$188,228 from prior year funds is available, resulting in \$1,346,017 in CDBG funds for FY 2021-2022. Housing voucher/certificate resources (via HARC) will also be available to carry out activities that support the Consolidated Plan's goals.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 3				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public – federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	1,157,789	0	188,228	1,346,017	1,000,000	Annual CDBG allocation

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Other resources that are available to carry out activities that address the goals of the Consolidated Plan are limited:

- HARC reports that as of March 5, 2021, 388 Jurupa Valley households receive rental assistance. It is anticipated that approximately 365 households will be assisted by HARC annually.
- Jurupa Valley intends to continue and update an existing Inclusionary Housing Program previously administered by the County of Riverside. This program requires that one of every 25 new units (4%) be reserved for households at the 50% area median income level. Projects of six or more units are required to participate in the program. Affordable units must be provided on-site, off-site, or through the payment of an in-lieu fee.

CDBG does not require matching funds.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Jurupa Valley General Plan contains an extensive list of parcels that may be suitable for housing development. The inventory includes an evaluation of development constraints and potential development capacity for each parcel. Combined with the incentives identified in the Housing Element, there is a potential for developing several affordable housing units during the Consolidated Plan cycle; however, no specific projects are identified for FY 2021-2022.

Discussion

Funding resources to implement the City's Consolidated Plan are limited. It is anticipated that CDBG funding will continue to be reduced. With respect to other resources, the City will continue to support RCHA's efforts to secure new rental assistance resources. Finally, an inventory of vacant and underutilized land has been developed. Combined with affordable housing development incentives, it is possible that new affordable housing opportunities will be developed during the Consolidated Plan cycle; however, no specific projects are identified for FY 2021-2022.

Projects

AP-35 Projects – 91.220(d)

Introduction

The following activities have been allocated CDBG funds for Fiscal Year 2021-2022.

Projects

#	Project Name
1	Old Mira Loma Pavement Rehabilitation – Ph. 1
2	CDBG Housing Rehab Grants Program
3	Housing Rehabilitation Administration
4	Path of Life
5	Family Services Association
6	Fair Housing Council of Riverside County
7	CDBG Program Administration

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

FY 2021-2022 is the fourth year the City will administer CDBG funds on its own. As a Cooperating City in the CDBG Urban County Program, the City worked with Riverside County staff to implement several Americans with Disabilities Act (ADA) related projects, public facility improvement projects, and public services. The City will continue to utilize CDBG funds to construct street and sidewalk improvements to improve accessibility and mobility for individuals with disabilities and to improve neighborhoods within the CDBG eligible Census Tract Block Groups.

In addition to funding services to address the needs of the homeless and those at risk of becoming homeless, public service grants funding in 2021-2022 includes funding for senior services. Fair housing services will provide residents, landlords, and property managers with information and knowledge regarding fair housing laws with the goal of reducing or eliminating housing discrimination. This program will benefit all Jurupa Valley residents including protected classes such as individuals with disabilities and families with children. Finally, as indicated in the Consolidated Plan, the City will implement a housing rehabilitation program for qualified low- and moderate- income homeowners.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Approximately 30% of planned CDBG-expenditures during FY 2021-2022 will be available on a citywide basis. These activities include housing rehabilitation, homeless services, public services, fair housing services, and program administration. Public infrastructure improvements slated for funding are eligible due to the percentage of low- and moderate- income residents residing in the project's service area. A map of the City's CDBG Eligible Areas is provided as **Attachment 3**.

Geographic Distribution

Target Area	Percentage of Funds
CDBG-Eligible Block Groups	70%
Citywide	30%

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City's primary intent is to serve lower-income residents that need housing/services regardless of where they live within the City. Area-wide activities (e.g., infrastructure improvements) are limited to the City's CDBG-eligible areas, except for ADA in certain cases.

Discussion

As indicated above, CDBG funds will be allocated to programs that serve Jurupa Valley residents regardless of where they live.

Affordable Housing

Discussion

During FY 2021-2022, the City will implement the third year of its Homeowner Housing Rehabilitation Grant program. The City will use CDBG funds to assist an estimated eight households with this activity. The City will also continue to support HARC's implementation of the federal rental assistance voucher and certificate program. An estimated 365 Jurupa Valley households will benefit from this program during FY 2021-2022.

Discussion

The City does not own or manage public housing.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

As outlined in the Consolidated Plan, the City will utilize a portion of CDBG funds during FY 2021-2022 to support agencies that provide homeless services.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including;

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City will utilize CDBG funds to fund homeless outreach services specifically targeting chronic homeless individuals. These services will be provided by Path of Life Ministries, which will utilize its mobile outreach team to connect with 75 homeless individuals and provide a variety of services and referrals designed to meet basic needs and emergency shelter. This outreach staff will also conduct vulnerability assessments to determine if homeless individuals are ready to enter rapid rehousing or permanent supportive housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

There are no emergency or transitional housing beds in Jurupa Valley; however, during FY 2021-2022, the City will partner with Path of Life which will provide a minimum of four shelter beds (1,000 bed nights) for Jurupa Valley homeless individuals on any given night. An estimated 50 individuals will benefit from these services.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

HUD's 2020 *Continuum of Care Homeless Assistance Programs Housing Inventory Count Report* indicates there are 2,993 permanent supportive housing beds throughout the Riverside County Continuum of Care. Most beds (1,028) are tied to the Veterans Affairs Supportive Housing (VASH) rental housing voucher program that is administered by the HARC. As of March 5, 2021, HARC reports 388 Jurupa Valley households currently receive rental assistance, including 20 Jurupa Valley veteran households receive rental assistance (45 veterans are on the rental assistance waitlist). HARC also reports that 504 self-reported homeless individuals with ties to Jurupa Valley are on the waitlist for federal rental assistance. The City will continue to support HARC and its efforts to secure additional VASH vouchers, Shelter Plus Care vouchers, and rental assistance vouchers and certificates in an effort to address the needs of these homeless individuals and households.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

According to HUD's *Strategies for Preventing Homelessness*, "Homelessness prevention is an essential element of any effort to end homelessness either locally or nationwide." This HUD report indicates it is less expensive and disruptive to keep a household housed-in-place. To this end, the City will allocate CDBG funds to Path of Life to support their homelessness prevention program. The City will also participate in regional homeless planning efforts, including the RC-CoC's Discharge Plan, which aims to prevent individuals leaving institutions, hospitals, etc., from becoming homeless.

Discussion

The City's homeless strategy is to help prevent homelessness and to support local service providers as they engage and assess the needs of the City's homeless population. Significant CDBG funding is allocated to Path of Life Ministries to provide an array of homeless services, including outreach, engagement, short-term shelter, and support services.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Barriers to affordable housing and actions to overcome barriers are listed in the City's Housing Element and were outlined in the Consolidated Plan – a summary is provided below.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Jurupa Valley Housing Element states, "incentives are preferable to regulations as the means to facilitate the production of housing for all income levels." To encourage lower-cost housing production, the City has identified various incentives for property owners and developers to consider. Among these possible incentives are modifications to development standards, reduced development fees, expedited permit processing, and direct financial assistance from in-lieu Inclusionary Housing Program (IHP) fees. No projects are currently underway that are utilizing these incentives.

Discussion:

The City's Housing Element and Consolidated Plan identify several barriers to the creation of affordable housing opportunities. The Housing Element has also identified several actions the City can take to reduce the impact of these barriers on affordable housing development; however, no projects are currently under development that are using these incentives.

AP-85 Other Actions – 91.220(k)

Introduction:

Outlined below are the actions the City will implement during FY 2021-2022 to address the sub-strategies of the Consolidated Plan.

Actions planned to address obstacles to meeting underserved needs

During FY 2021-2022, the City will encourage and support HARC's efforts to obtain additional rental assistance funding, especially for senior, disabled, and low-income households. CDBG-funded public facility improvements will improve residential neighborhoods with the rehabilitation or installation of streets and sidewalks. Additionally, funding will be allocated to support meal services for seniors. Finally, fair housing services will help ensure all households can secure safe and decent housing that they desire and can afford, without regard to their race, color, religion, gender, national origin, familial status, disability, age, source of income or other characteristics protected by laws.

Actions planned to foster and maintain affordable housing

As previously outlined, the City will utilize CDBG funds to continue its homeowner housing rehabilitation grant program during FY 2021-2022. The City will also continue to support HARC's administration of HUD's voucher and certificate rental assistance program.

Actions planned to reduce lead-based paint hazards

A significant percentage of the City's housing stock was constructed before 1980 and may contain lead-based paint hazards. The City will ensure that information is available to community residents regarding the health impacts of lead-based hazards, especially for young children. As the City implements its housing rehabilitation program, it will ensure that HUD's regulations regarding lead-based paint hazards are incorporated into program policies and procedures to ensure lead-paint hazards are addressed during the property rehabilitation.

Actions planned to reduce the number of poverty-level families

According to the U. S. Census Bureau, approximately 16.0% of the City's population lives at or below the poverty level, including 23.2% of children under 18 and 13.8% of seniors (age 65 and older). During FY 2021-2022, the City will support several activities that aim to reduce the number of households living in poverty:

- Support HARC's administration of rental assistance programs for very low-income renters.
- Support social service programs that assist households at risk of becoming homeless and those that are homeless.
- Funding for free/low-cost meal services for seniors.

- Support fair housing services to ensure households have access to safe and decent housing free of discrimination.
- Provide rehabilitation grants to qualified home owners.

Actions planned to develop institutional structure

As the City prepared to become a CDBG grantee community in 2018, it initiated efforts to develop an institutional structure to help identify and access resources to improve the community. The City solicited the input of local service providers by hosting a community workshop to discuss community needs and future funding opportunities. The City will continue to assist the HARC to implement its Five-year Public Housing Authority (PHA) Plan for the provision of rental assistance vouchers and certificates. The City will also engage neighboring HUD-grantee communities to explore and participate in regional planning and program initiatives.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Jurupa Valley does not operate public housing. HARC provides rental assistance in the community. Federal legislation requires that the Housing Authority prepare five-year and one-year plans that highlight its mission, goals, and objectives related to public and assisted housing programs. The City will review the Authority's plans and will provide HARC the opportunity to review and consult with the City regarding its Consolidated Plan. The goal of this cross-consultation is to provide consistent and coordinated housing services for City residents.

As stated above, Jurupa Valley has developed working relationships with several local nonprofits. As the City expands its CDBG program to provide public service grant funding, it will coordinate efforts with nonprofit partners to promote the efficient and effective use of limited public resources.

Discussion:

Prior to 2018, the City was part of the Riverside Urban County CDBG program. As a participating jurisdiction, the County's Analysis of Impediments to Fair Housing incorporated the City. In 2019, the City of Jurupa Valley completed an AI, which is summarized in **Attachment 4**. Action steps to be taken by the City during FY 2021-2022 to address identified impediments are also found in **Attachment 4**.

Program Specific Requirements
