

Housing Rehabilitation Program (6 - 15 - 2023)

ELIGIBILITY REQUIREMENTS

PLEASE BE ADVISED THAT THERE IS LIMITED FUNDING FOR REHABILITATION GRANTS, AND THAT FILLING OUT AN APPLICATION DOES NOT GUARANTEE FUNDING. PLEASE COMPLETE PAGES 3, 4 AND 5 AND SUBMIT BACK-UP DOCUMENTATION REQUESTED ON PAGE 6 TO CONFIRM YOU ARE A LOW-INCOME HOUSEHOLD. GRANT FUNDING WILL BE PROVIDED ON A FIRST-COME, FIRST-SERVED BASIS, UNTIL GRANT FUNDS ARE ALLOCATED. SUBSEQUENTLY, APPLICATIONS WILL BE PUT ON A WAITING LIST.

Thank you for your interest in Jurupa Valley’s Housing Rehabilitation Program. The Mayor and City Council have approved this funding using Community Development Block Grant (“CDBG”) funds that were allocated to the City of Jurupa Valley by the United States Department of Housing and Urban Development (“HUD”). The goal of the Housing Rehabilitation Program is to help low income households who do not otherwise have funds, to repair health and safety items at their home. The Program is available to low income families that meet the income limits.

Please complete Pages 3-6 and submit documents requested in Page 5. It is important to note that documentation will be required for EVERY PERSON living in your home. If a person does not have income (i.e., children), an affidavit may be required. Finally, please be aware that your household income is calculated to include more than just your salary; it also includes certain investments or savings you may have.

Funding is available on a first-come, first-served basis. The City expects to be able to grant up to eight grants per year. Please be aware that this Program provides grants for specific home repairs, and does not include luxury items like air conditioners.

1. **MUST** meet Program CDBG 2023 income limits listed below:

Household Size	1	2	3	4	5	6
MAX Income Limit	\$52,200	\$59,650	\$67,100	\$74,550	\$80,550	\$86,500

***A percentage of assets are included in total income (i.e. stocks, bonds, cash in savings and checking accounts, etc.)**

2. Homeowners who received a previous grant less than 10 years ago do NOT qualify. This information will be verified through the City’s records.
3. Home must be owner-occupied.
4. All individuals living in the home must be listed on the application.
5. Application must be submitted with all necessary documentation (see documentation checklist on page 5 of application).

City of Jurupa Valley

Housing Rehabilitation Program

Application Packet

General Information

The City of Jurupa Valley Housing Rehabilitation Program is designed to help qualified owners rehabilitate their homes. Allowable repairs include eliminating code violations, substandard conditions, and health and safety issues (e.g. roofing, plumbing, electrical, heating, flooring, painting) Qualified owners may receive grants of up to \$10,000. **Residents who have previously received a home grant through the City in the past ten years do NOT qualify.** Grants do NOT need to be repaid to the City if the Owners do not move from their homes within two years of grant work being completed. Owner-occupied homes within the City of Jurupa Valley are eligible.

Income Eligibility requirements

Income eligibility is based on both family size and total annual household income. Households whose income is at or below 80% of the Riverside County adjusted median income (AMI) may be eligible. Income includes employment, Social Security, pensions, self-employment income, disability, stocks, bonds, savings and checking accounts, and child support. To determine income, the City considers savings accounts, stocks, bonds, and other forms of capital investments, since the interest earned on certain assets will be included as income. **Household income includes all adults 18 and over living in the home.**

2023 CDBG Maximum Income Limits

Household Size	1	2	3	4	5	6
MAX Income Limit	\$52,200	\$59,650	\$67,100	\$74,550	\$80,550	\$86,500

Process

If your application is approved, an inspector will call to schedule an appointment to discuss requested rehabilitation work. The inspector will create a work write-up with approved work that will be used to obtain competitive bids from licensed contractors. The City will review the bids and assist in selecting the most cost-reasonable bid. If the home was built before 1978, a lead-based paint test must be conducted before any work can be performed (the cost for this test will be deducted from the grant funds). After the work is completed, the work will be inspected for final approval. The contractor will provide an invoice and current W9 tax form along with any necessary City or HCD permits. Upon City Council approval, the contractor is then paid by the City's Finance Department. (Payment to contractors can take up to 30 days).

Please be advised that if homeowner has intent to sell the home during the grant process, or within two year of grant work being completed, the applicant will not be eligible for a Rehab Home Grant.

Licensed Contractors & Permits

Contractors that perform work must hold a valid license with the Contractors State License Board, and must meet City requirements. Some work will require a building permit that must be obtained from the City of Jurupa Valley or California Department of Housing and Community Development (HCD). The City will provide applicants with a list of approved contractors that they must choose from to complete work on their home.

NOTICE FEDERAL LEAD-BASED PAINT

Both the State of California and the federal government have adopted regulations designed to reduce or eliminate the risk of lead-based paint hazards in homes. Some homes built before 1978 may contain lead-based paint that may be harmful to anyone living or working within the home, especially pregnant women and children. Such hazards may occur as a result of exposure to contaminated lead paint dust and paint chips. It is important that you understand these requirements when applying for a home improvement grant from the City of Jurupa Valley.

Federal regulations (24 CFR Part 35) require any home built prior to 1978 that receives federal assistance for rehabilitation be assessed for the presence of lead-based paint hazards. To comply with this requirement, the City will fund the cost of the assessment by a licensed and certified contractor, after a completed application for the Housing Rehabilitation Program has been filed but before the grant is approved. The results of the assessment will become public record and filed with the State Department. You will be personally obligated to disclose the results of the testing to any potential buyer and/or the subsequent occupants of the property.

As a participant in the City of Jurupa Valley Housing Rehabilitation Program, I understand that I will be required to use safe work practices when stabilizing any lead paint that may be found on the property. I also understand that some methods used to control the hazards may not be permanent in nature and may need to be readdressed in future years.

By signing this Notice, I hereby certify that:

1. I have received a copy of this Notice.
2. I have read and understand the lead hazard requirements contained in this Notice.
3. I accept these requirements and the related personal disclosure obligations as a condition of my application for the City of Jurupa Valley Housing Rehabilitation Program.

If you would like to discuss the hazards of lead-based paint and the potential impact of the state and federal requirements on your property, please call the City of Jurupa Valley's Housing Consultant – Robert G. Vasquez at 553-0991.
