(a) Findings. The City Council finds and declares as follows:

(1) Section 22455 of the California Vehicle Code authorizes municipalities to regulate the type of vending from motor vehicles and the time, place

and manner of vending from vehicles upon any street in order to promote public safety and Article XI, Section 7 of the California Constitution extends to municipalities the police power authority to regulate in furtherance of the public health and welfare.

(2) Vending from mobile vending facilities on public streets creates the potential for safety hazards, such as, but not limited to, encouraging pedestrians to cross mid-block to purchase food.

(3) The act of looking for prospective customers while mobile vending facilities makes vendors less attentive to pedestrian and vehicular traffic. When done on public roadways, this poses traffic and safety risks to the public.

(4) Vendors who fail to park their mobile vending facilities on public streets correctly during a transaction attract prospective customers onto public roadways, creating a further traffic and public safety hazard.

(5) Unregulated vending from mobile vending facilities on public streets impairs traffic safety, the safety of pedestrians, contributes to traffic congestion and therefore impedes the orderly movement of pedestrian and motorist traffic.

(6) Unregulated vending from mobile vending facilities on sidewalks and pedestrian areas of public rights of way impairs the safety of pedestrians because it contributes to congestion on sidewalks and pedestrian rights of way and impedes the orderly movement of pedestrians around unregulated vendors.

(b) Purpose and Intent. The purpose and intent of this Chapter is to regulate the sale of food, food products, ice cream, goods or merchandise from motor vehicles or push carts on public and private property and to protect the health and safety of people within the City. This Chapter is not intended to repeal or amend the provisions of this Code that provide for licensing or permit procedures for the conduct of certain business activities.
